☐ **Forest Crop Land.** ☐ Regular ☐ Special Class

The Department is hereby notified, as required under s. 77.06, Wis. Stats., that the undersigned intends to cut merchantable wood products from Forest Crop Lands. Failure to submit this notice may result in the seizure of any cut products. **Failure to file a report (Part B) or intentional filing of a false report of wood products cut is punishable by a forfeiture of up to \$1,000 and may result in withdrawal of the land and double stumpage.**

☐ **Managed Forest Land.** (Separate notice/report must be filed for each order.)

Submittal of this notice to the Department of Natural Resources is mandatory under s. 77.86(1)(b), Wis. Stats. **Any person failing to file notice or report, or intentional filing of a false report is subject to a forfeiture of not more than \$1,000 and withdrawal from the Managed Forest Law.**

**PART A – PROPOSED CUTTING** (Cutting Notice) Complete Part A on both sides of form. Harvesting must be done in compliance with the management plan or schedule, and approved by the Department. File the notice at least 30 days prior to harvest. Please attach a map and additional pages to help describe proposed cutting.

Proposed Cutting Practices:

This notice to be signed by an officer of a corporation, managing partner, trustee or by an individual owning land:

Part A: Estimate the volumes of all species and products to be cut by legal description in Column A. Additional species and product codes can be found in the Forest Tax Law Handbook. **Report log products in board feet (i.e. 3,000) and cords in whole cords only (i.e. 55).** Species with catastrophic loss or special rate must be placed in separate set of columns.

Part B: Report volumes actually harvested by species and product for each legal description in Column B. All cordwood must be reported as rough. Convert peeled or chipped cordwood volume to the rough cord equivalent.

Rate Year: Leave blank unless requesting a stumpage rate year other than the current stumpage rate year.
